## PRECISION AGRICULTURE *in ACTION* for AFRICA

We are proud to announce that our **3<sup>rd</sup> African Conference on Precision Agriculture (AfCPA 2024)** will be centered in **Kigali, Rwanda!**

Please save **3-5 December 2024** on your calendars to participate in-person in Kigali, at one of the soon to be announced conference satellite sites located across Africa, or via live stream.

Our conference is truly a global event with a critical focus on **connecting precision agriculture science and practice** for the benefit of African farmers. During the 2022 conference we welcomed **700+ registrants** representing **34 countries (18 in Africa)**.
