

CALL FOR INIA PhD TO JOIN IRTA

REF.: DIN02

The Spanish *Instituto Nacional de Investigación y Tecnología Agraria y Alimentaria* (INIA) has just published the **INIA** call for contracting PhD scientist for Spanish Research Centers.

IRTA is interested in contracting one highly qualified scientist to work in the following field:

Efficient use of water and other resources used for deficit irrigation systems in woody species. Precision agriculture and sensors applied to irrigation systems.

IRTA's FruitCentre (Lleida)

Requirements:

- To hold a PhD at the deadline.
- The time elapsed between the obtaining of the PhD title and the call deadline should be less than 10 years. In this 10 years shall be excluded:
 - Periods of maternity or paternity.
 - Serious illness or accident with sick leave of 3 or more months.
 - Care for dependent persons for a minimum of 3 months.
- To be the author of at least 10 scientist articles already published in reviews of the Science Citation Index at the deadline.
- To have worked on Research Centres different from IRTA's Centres for, at least, six (6) months.
- When the candidate has more than one PhD title, the 10 years period should be counted from the first one.

It is offered:

- A work contract for five years.
- 37.084 € gross salary/year.

“IRTA has its own internal evaluation system that allows, at the third year of the program, to evaluate the scientific contribution of doctors under temporary contract and ensure, if the evaluation is positive, the continuity of the researcher at the Institute”.
