Springer Journal of Precision Agriculture Editorial Board

Dr. Davide Cammarano

Please join us in welcoming Dr. Davide Cammarano, the new Editor-In-Chief of *The Springer Journal, Precision Agriculture*!

Thank you to his predecessors, Dr. James Lowenberg-DeBoer and Dr. John Stafford, for their dedication to the journal.

The Springer Journal of Precision Agriculture is available to ISPA members through the ISPA website. The journal presents the most innovative results emerging from research in the field of precision agriculture. It provides an effective forum for disseminating original and fundamental research and experience in the rapidly advancing area of precision farming. To learn more, view the Precision Agriculture Journal [here](#).

Dr. John Stafford

Editorial Board

Viacheslav I. Adamchuk, McGill University, Montreal, Canada

Victor Alchanatis, ARO-The Volcani Center, Bet Dagan, Israel

Juliane Bendig, Institute of Bio- and Geosciences, Research Centre Juelich, Juelich, Germany

Annamaria Castrignanò, University "G. d'Annunzio" of Chieti-Pescara, Chieti, Italy

Tao Cheng, Nanjing Agricultural University, Nanjing, China

Svend Christensen, Danish Institute of Agricultural Sciences, Horsens, Denmark

Yafil Cohen, ARO-The Volcani Centre, Rishon-Le'Zion, Israel

James M. Lowenberg DeBoer, Harper Adams University, Newport, Shropshire, UK

Alexandre Escolà, Universitat de Lleida, Catalonia, Spain

Spyros Fountas, Agricultural University of Athens, Athens, Greece

Emilio Gil, Universitat Politècnica de Catalunya, Barcelona, Spain

Yanbo Huang, USDA-ARS, MS, USA

Ruth Kerry, Brigham Young University, UT, USA

Dayton Lambert, Oklahoma State University, OK, USA

Yang Li, Shihezi University, Xinjiang, China

Yuxin Miao, University of Minnesota, MN, USA

Dimitrios Moshou, Aristotle University, Thessaloniki, Greece

David Mulla, University of Minnesota, MN, USA

Margaret Oliver, University of Reading, Reading, UK

Gonzalo Pajares, University Complutense of Madrid, Madrid, Spain

Manuel Perez-Ruiz, Universidad de Sevilla, Sevilla, Spain

Kristin Piikki, Swedish University of Agricultural Sciences, Skara, Sweden

Jim Schepers, University of Nebraska, NE, USA

John Stafford, Silsoe Solutions, Bedford, UK

Kenneth Sudduth, USDA Agricultural Research Service, MO, USA

James Taylor, INRAE, University of Montpellier, Montpellier, France

Bruno Tisseyre, Montpellier SupAgro, Montpellier, France

Jaap van Bergeijk, AGCO corporation, KS, USA

Ole Wendroth, University of Kentucky, KY, USA

Brett Whelan, ACPA, University of Sydney, Sydney, Australia

Chenghai Yang, USDA-ARS, TX, USA

Dr. James Lowenberg-DeBoer

Country Representative - Gabor Milics

***Meet Dr. Gabor Milics – ISPA
Hungarian Representative***

Gabor Milics, PhD is an associate professor at the Hungarian University of Agricultural and Food Sciences. He is the head of the Precision Agriculture and Agrardigitization department. Dr. Milics is the founding president of the Hungarian Society of Precision Agriculture. He was the head of the organizing team of the 13th European Conference on Precision Agriculture in 2021, in Budapest, Hungary.

Dr. Milics's research interests include GIS and remote sensing technology in Precision Agriculture.

ispag.org/Leadership/CountryRep/Ghana

Country Representatives serve to help promote ISPA by championing the ISPA mission and purpose globally, in particular, in the country they represent. ISPA is growing internationally so Country Representatives remain an important position to help ISPA best serve people, groups, governments and others, globally connecting them to science and experts.

Please join us in thanking ISPA Country Representative from Hungary, Gabor Milics.

If you are interested in becoming a Country Representative, please email info@ispag.org with your bio highlighting your experience in precision agriculture and your CV. ISPA requires that all Country Representatives are current members of the society. To become a member, please complete the [membership form](#).

2022 Annual ISPA Report

The 2022 Annual ISPA Financial Report is now available

Current ISPA members can view the report [here](#).

If you are interested in becoming a member please fill out the form [here](#).

We are happy to say that our membership has grown in the last year from 324 at the end of 2021 to 374 at the end of 2022!

We also have 34 Country Representatives from 27 different countries!

*Data current as of 31 December 2022

Agriculture Education Courses Database

A mission of the ISPA is to further education in precision agriculture across the globe. In order to strengthen that incitive, ISPA will be compiling a list of current agriculture courses offered by colleges and universities and an outcome of the recent 2022 membership survey. Please complete the survey to let us know about a course or courses you instruct or a course(s) you have participated in. If you would like to submit a survey for multiple courses, please complete a new form for each course.

Submit your agriculture course(s) [here](#).

Ohio State 2023 PrecisionU Webinars on Autonomy at the Farm

The Ohio State Digital Ag Team organized three webinars as part of their Precision University series focused on “Autonomy on the Farm.” The information shared by panelists and presenters provided an excellent overview of various aspects of making autonomous farm machinery available and successfully implemented on Ohio Farms. The information also very applicable to others outside of Ohio. The recorded webinars are available to watch at the Ohio State Precision Ag YouTube Page, @ohiostateprecisionag9203, or by using the following links.

- Regulations for Autonomous Equipment – <https://www.youtube.com/watch?v=kAbpli9Jgcl&t=549s>
 - Hear from Nick Hegemier (Managing Director, Infrastructure DriveOhio) and John Welsh (Aviation Safety Inspector, Airworthiness, Federal Aviation Administration / FAA) as they discuss the rules and regulations related to the adoption of autonomous equipment on farms in Ohio.
- Automation on the Farm - https://www.youtube.com/watch?v=AHd-e94DX_M&t=3105s
 - Listen as farmers Charlie Troxell and Luke Harbage from South Charleston, Ohio USA discuss with Dr. John Fulton from Ohio State University where autonomy could fit into their row crop operations and their interest in adopting this technology.
- Ohio Rural Broadband Initiative - https://www.youtube.com/watch?v=_hW2wdsQNm8
 - This webinar features Jonathan Spendlove (John Deere), Dr. Scott Shearer (Ohio State), Matt Aultman (Darke County Ohio Commissioner), and Steven Strickland (Director, Partnerships and Channels, Ericsson Inc.) discussing the needs and challenges related to connectivity and rural broadband access in Ohio.

Upcoming Events

25-27 FEB 2025

GIS & Drone Applications in Agriculture Conference

29 JUN - 3 JUL 2025

15th European Conference on Precision Agriculture
Barcelona, Spain
ecpa2025.upc.edu/

22-31 AUG 2025

XXXII ISSCT Centennial Congress
Cali, Colombia
issctcennial.com/

14-16 OCT 2025

11th Asian-Australasian Conference on Precision Agriculture
Chiayi, Taiwan
ispag.org/Events/ACPA

2-4 FEB 2026

International Crop Modeling Symposium (iCROP2026)
Florence, Italy

Week of 13 JUL 2026

17th International Conference on Precision Agriculture and the 11th Brazilian Congress on Precision Agriculture
Porto Alegre, Brazil
ispag.org/icpa

[See the ISPA website for a complete list of events.](#)

Do you have an event that would be of interest to our members? [Send us an email to let us know.](#)

Jobs Listing

- [Postdoc in Digital Agronomy for Climate Resilient Perennial Agriculture](#)
- [Tenure Track Assistant Professor in soil spectroscopy at Department of Agroecology, Aarhus University](#)
- [Assistant or Associate Professor of Extension Soil Management - University of Kentucky - Department of Plant and Soil Sciences](#)
- [Precision Agriculture Technologies Extension Specialist - University of Tennessee - Biosystems Engineering and Soil Science](#)
- [Assistant Professor \(Extension\) - Mississippi State University - The Department of Agricultural & Biological Engineering](#)
- [University of Georgia - Assistant Professor - Extension Specialist Precision Agriculture Systems](#)

☐ Do you have a job you would like to post to the ISPA website? Please send your job announcement, a short description, and cutoff deadline for applications to info@ispag.org

Contribute to the ISPA Newsletter

Do you have a precision ag event, project, or news article that our members would be interested in? Please let us know. We [post events](#), [job opportunities](#), and [news from members](#) from around the globe. Email info@ispag.org or use the handy [online form to submit your contribution](#).

Stay Up To Date with ISPA on Social Media!

Be sure to follow ISPA on Twitter and LinkedIn to remain up to date with what the society has to offer. If you're posting about precision agriculture and would like to reach our international community, please add #ispag to your post.

Precision Agriculture Definition

Precision Agriculture is a management strategy that gathers, processes and analyzes temporal, spatial and individual plant and animal data and combines it with other information to support management decisions according to estimated variability for improved resource use efficiency, productivity, quality, profitability and sustainability of agricultural production.

The International Society of Precision Agriculture (ISPA) is a non-profit professional scientific organization.
The mission of ISPA is to advance the science of precision agriculture globally.
